ARRANGING FOR MARKET OPENING

Popular Town Institution will Start Next Tuesday Morning.

HAS IMPROVED EACH YEAR

Produce Men May have Same Stalls as Last Year. Rental Fees Pays Market Expenses.

Gettysburg's curb market will open Tuesday morning for the season of 1919. Chief of Police Weikert, who has had charge of the market for the last two years, made the announcement to-day.

Although during the first few weeks of the market the amount of produce offered will be small yet the residents of Gettysburg are glad to see this popular institution get under way.

The plans for organizing the market will be the same as in other years. Mr. Weikert will assign the stalls to the produce men on Monday so there will be no confusion when the market opens the following morning. Those producers who desire to occupy the same locations as last year may do so. Many of the dealers have occupied the same stall ever since the market first began several years ago and their patrons know just where to find them.

Gettysburg's curb market met with opposition during its trial season but each year sees better produce and more business transacted than the year before. For the season of 1918 there were not enough stalls around the Square to accommodate the dealers and locations were marked off on Carlisle, Baltimore and York streets. When the markets first started, the first Tuesday in May was the day for opening, but it has been decided that an earlier opening has many advantages and paves the way for a better market when the height of the season is on.

A town ordinance provides for the operation of the market and the rental fees from the stalls has always more than paid the expenses incurred by the town. The market will be open as usual three mornings a week and will continue throughout the summer. Indications point to another successful season.

WELCOME FOR SOLDIER

Arendtsville Bride and Bridegroom Given Shower by Friends.

"Welcome the Boys Home," the slogan of the War Camp Community Service, was enthusiastically carried out by residents of Arendtsville Friday night.

W. Arnold Raffensperger, a recent member of Company A of the 316th Infantry, who was wounded in the Argonne Forest, returned to Arendtsville with his bride, formerly Miss Helen Eicholtz, daughter of Ex-Commissioner Eicholtz, and was given an immense shower of gifts by about one hundred of their friends.

Members of the party met at the house of C. H. Klepper and then marched to the Raffensperger home, bearing bundles of presents under their arms, to surprise the bride and bridegroom.

The gifts included many valuable articles and ranged in size from a mouse trap to a kitchen cabinet.

SURVEYED STREETS

Report will be Submitted to Council Monday Night.

S. Miley Miller has surveyed the Lincoln Highway from McGuigan's corner to the borough limits on York street, which is the section proposed to be paved, and will present his report to the town council at their special meeting on Monday night.

The committee appointed by the Council will then confer with State Highway Commissioner Sadler at Harrisburg and show him the exact amount of work which will have to be done here by the state. Every effort will be made to have the work started this year.

MANY FISHERMEN OPPOSE LICENSE

House May Decide to Levy Tax on Anglers Monday Night.

IS FAVORABLY REPORTED

Local Sportsmen See Advantages and Difficulties in Proposed Legislation. Influence Behind Bill.

Fishermen of Adams County have been following with interest the progress of the Fisherman's License bill which was reported favorably by the committee and which has been called before the House by a special order for Monday night.

The measure establishes a \$1 license fee for all persons desiring to fish and exempting from license farmers and persons angling on their own lands. The aim of the bill is to provide revenue for the department of fisheries similar to that which is furnished for the Game Commission by hunters' licenses.

A provision says that all persons over seventeen years of age must take out a license to fish and non-residents of the State must pay \$5 while un-naturalized foreigners are not allowed to fish in Pennsylvania.

There seems to be a division among the local fishermen as to the justice of the tax. Some followers of the sport believe if the funds derived from the licenses are properly spent in restocking the streams with young fish in all sections of the state it will be well worth the price it costs each fisherman.

Others are of the opinion that if no more benefits are evident from the fish tax than have been received from the hunters' license fees in the county, the bill had better not be passed. It is true there has been much complaint as to the expenditures made by the Game Commission, but it must be remembered that such projects cannot be worked out successfully in all parts of the State in a short time.

There are, however, a great many more people who seek the stream for a day of recreation than there are those who are casual hunters and many pleasure seekers will look for other amusement rather than be bothered with procuring a fisherman's license.

Many contend that too large a portion of the funds collected from the hunters' license is spent for the salaries of men hired to prevent the breaking of the law and too little spent replenishing the forests with game. This would probably be true in the case of the fisherman's bill. Wardens would be necessary to patrol the streams to see that every angler had the proper credentials, causing a great deal of inconvenience to the sportsman and a large item of expense to the commission. Indications are, however, that the bill will pass.

It is understood that the members of the House are looking forward to an interesting time Monday night when the question will probably be finally decided. Intimations have been given that strong influences are behind the measure which will mean more revenue for the fisheries' department.

BOARD OF HEALTH MET

Health Officer Crist Granted Eighty Hog Permits.

Members of the Board of Health held their monthly meeting, Friday night, and accepted the report of Health Officer D. M. Crist that all necessary placarding and fumigating had been done.

Eighty hog permits have been issued by the Health Officer since the first of the year. The town council has passed a borough ordinance requiring every hog owner within the borough limits to secure one of these permits.

Anyone failing to meet this requirement will be subject to arrest, fine, or such action as the council sees fit.

SUNDAY LEGAL HOLIDAY

German Assembly Decides There will be no State Church.

(By Associated Press) Paris, April 5.—The commission on the constitution of the German National Assembly has adopted a clause stipulating that there shall be no State Church, a dispatch from Weimar said. Sunday is maintained as a legal holiday.

BASE BALL FANS ARE RESTLESS

Interested in Town League. Second Ward Starts Practice Monday.

If all persons in Gettysburg are as much in favor of a remodeled Playground as the base ball fans there will be no trouble in raising \$4,000 in the three day drive which starts April 17th.

Gettysburg has always been a great base ball town and the suggestion that there should be a league composed of teams from each ward met with instant approval among the fans.

It is probable that some of the older men of town who starred in the erstwhile Sunday School league are convinced that their batting eye has not dimmed and will again appear in the line-up of some of the ward teams. Young, middle aged, and old men are expected to appear.

Manager Charles Myers, of the second ward team, announces that over a dozen men have already announced themselves as candidates for his team and that the first practice of the year will be held Monday evening at six o'clock.

Fans and players of the other wards are asked to appoint their managers and commence organization. Every one interested in base ball is expected also to appear in the Playground parade either in uniform or carrying some article of base ball equipment.

WILL USE DANZIG

Allies Will Use Port to Return Polish Troops.

(By Associated Press) Paris, April 5.—Marshal Foch has telegraphed the Allied governments that the right of the Allies to use Danzig for a port for the return to Poland of the Polish troops in France had been formerly upheld in conferences with the German representatives. In addition to Danzig it was decided to use other means of transport for Polish troops proposed by the German government, so that the arrival of troops might be accelerated, the Marshal's message added.

The use of the port of Danzig was provided for in the armistice of November eleven last.

ROB RANDOLPH BANK

One Bandit Captured After Fleeing in Car.

(By Associated Press) Randolph, N. Y., April 5.—The State Bank of Randolph was robbed of \$5,000 by five men this morning. The bandits fled in an auto after exchanging shots with the cashier but one of them later was captured when the car broke down.

FOUR FARM CLUBS FORMED FRIDAY

Mount Joy and Fairfield Communities will Specialize in Pigs and Poultry.

OTHER CLUBS PLANNED

State Organizer and Local Men Make Whirlwind of County. Plan Enthusiastically Received.

At meetings conducted in various school houses in the county to organize the communities into agriculture clubs four organizations resulted, two at Fairfield and two at Mount Joy. C. G. McBride, of State College, who is in charge of the community agriculture club work in Pennsylvania, accompanied by Superintendent Roth, Farm Agent Hershey and Assistant Superintendent Shank, made a whirlwind tour of the county on Thursday and Friday presenting the community club plan at ten different special meetings.

Enthusiastic audiences accepted the plan at each session and the four organizations mentioned were completed and many others are considering what farm enterprise to adopt as their specialty. Fairfield and Mount Joy each formed a Pig and a Poultry Club, elected a leader and officers. A large number joined the clubs at the meetings Friday but many more are expected to enroll as the work goes on.

The personnel of the organizations already completed are as follows:

Fairfield Pig Club: president, Charles Landis; vice president, Richard Weaver; secretary, Samuel Musselman; treasurer, Paul Strausbaugh; leader, Prof. Charles A. Landis; the members, Alvie Bishop, Samuel Musselman, Floyd E. Brown, Charles Landis, Richard Weaver, Alvin Bupp, Rudolph Jones, Crist E. Miller, Donald L. Graziar, Paul Strausbaugh, Joel Musselman, Freeman Easley.

Fairfield Poultry Club: president, Blanche Musselman, secretary, Minerva Arnold, treasurer, Maurice Stoops, leader, Miss Lou Etta Sharrett, the members, Christine Easley, Minerva Arnold, Mary E. Sprengle, Emma Bupp, Blanche Musselman, Lake McCleat, Iva McCleat, Mary McCleat, Helen McCleat, Gertrude Bupp, Alton McCleat, Maurice Stoops.

Mt. Joy Pig Club: president, Jennings B. Collins, vice president, Maynard D. Crouse, secretary, Herbert Crouse; leaders, A. Nevin Sponseller, Frank Waybright; the members, Alton M. Motter, Jennings B. Collins, Clarence M. King, Herbert H. Crouse, Maynard E. Crouse, Stanley S. Horner, Kenneth Conover, Robert P. Snyder.

Mt. Joy Poultry Club: president, Margaret Conover, vice president, Hilda Norwood, secretary, Alta Crouse; leader, G. M. Conover; the members, Margaret Conover, Hilda Norwood, Alta Crouse, Ella Conover.

PRESENT TABLEAU

Play of Colored Social Club Draws Large Crowd.

ABNER MILLS CAN WALK

Rises Every Morning. Will be Examined Next Week.

Abner S. Mills, who has been improving steadily since he was shot in the head on February 22, is now able to rise every morning and take some exercise. On Friday Mr. Mills went downstairs to his store and conversed with several of his friends.

Next week it is expected that he will be taken to Philadelphia for an x-ray examination.

STOCK REPORT

Steels Led Rise. Profit Taking Causes Reaction.

(By Associated Press)

New York, April 5.—Higher quotations prevailed at the active week-end session on the stock exchange. Rails led the rise but soon yielded to profit taking, the same was true of oils. Steels were under further pressure, but related equipment notably Harvester, American Car and Rumely common and preferred were strong. The closing was irregular. The sale approximated 550,000 shares.

VALUES OF PLAY ARE PRESENTED

Rev. F. E. Taylor Tells of Possibilities Awaiting Development at Playground.

Prominent men and women of Gettysburg, during the next few days, will in short articles present reasons for the improvement of the playground and why the drive for funds must be successfully completed. The following article, dealing with the values derived by the young people from the playground, is written by Rev. F. E. Taylor:

"Wholesome play keeps children healthy and happy. It aids in their physical and moral development. Gettysburg received a valuable present in the Kurtz Playground, a gift whose possibilities for good have not been fully tried out. With the apparatus already installed, and with the improvements proposed there, under proper supervision the children of Gettysburg will have a wide field for free self-expression, will learn health-building games, revel in pure air and stimulating sunshine, and escape much of the germ-laden dust and the dangers of our streets.

"The Playground should be the theatre for all polar games, the centre of the athletic life of the community. The organizations of town committees should stage stunts and performances of such merit as would make this park a popular resort for everybody.

"Every young person in Gettysburg should be able to swim. Without a swimming pool this is impossible. The resultant saving of one life from drowning would justify the cost of such a pool a thousand times over.

"The town that provides its youth no space for wholesome play is mortgaging its own future far beyond the outlay such an investment involves. Such space has been freely presented to our town, and lies awaiting our use. The Playground, properly conducted, will solve for at least six months of the year many of the more serious social problems that confronts us to-day. If we refuse to our youth means of wholesome expression for their energies many will turn to unwholesome and harmful ways.

"With the co-operation of the enthusiasts for athletics and the friends of children this plot can be made not only safe but highly beneficial for everybody, a place of escape from restricted quarters in town and of real pleasure, recreation and health."

STORY OF SECOND MARNE BATTLE

Sergeant Miller Continues his Account of American Victory Over the Hun.

BOCHE DEAD COVER FIELD

Saw Quentin Roosevelt's Plane Shot Down. Glorious Feeling as Troops Crossed Marne.

A vivid story of the battle of Chateau Thierry written immediately after the fight by Sergeant Joe Miller appeared in the April first edition of The Times.

He described the terrific bombardment which began at midnight on July 14th and the last part of his story described how his company commander and eight men had been killed.

Sergeant Miller has returned to Camp Sherman, Ohio, after spending a furlough with friends in Gettysburg. The first extract of his diary was printed in these columns on March 28th.

His diary continues, "About five o'clock on the morning of the 15th the enemy barrage seemed to be getting heavier and then they started sending over mustard gas. Just after that we saw that the Huns were advancing through some wheat fields and we were given orders to follow with our machine guns.

"When we caught up with them some other American troops were tearing them to pieces and about ten o'clock the fields resembled a graveyard for the men were lying dead everywhere. After we took about six hundred prisoners the Boche began to realize that there were too many American troops for them to ever force through.

"About one o'clock they commenced a retreat. We gave our artillery the correct range on the wheat fields and they began shelling the Huns. The first Huns to reach the river started across in boats and the first boat containing about fifty men was struck with a large shell just as it was nearing the middle of the stream.

"The explosion blew the boat to pieces and killed all of the men. Some of them were thrown twelve or fifteen feet in the air. The Boche that were not fortunate enough to secure boats tried to swim and were easy victims for our riflemen.

"On the 18th of July I witnessed the air battle between Quentin Roosevelt and two Boche planes in which he was killed but I didn't know it was his plane that fell until two days later. On that same day we started our counter offensive at Chateau Thierry.

"July 22 we crossed the Marne river on pontoon bridges. I cannot express my feelings as we crossed the river and I realized that we had the Huns on the run but I must say that I felt in the height of my glory."

SEND FIRST SHIPMENT

Gettysburg Collected Twenty Three Hundred Pounds in Drive.

Twenty three hundred pounds of used clothing composed the first shipment sent out by the local chapter of the Red Cross to-day.

Adams County's allotment in the drive for clothes for European countries was ten tons.

The outlying chapters of the Red Cross have not yet sent in their reports so it cannot be determined whether or not the quota was reached.

NO DECISION REACHED

Italians May Leave Conference if Denied Fiume.

(By Associated Press) Paris, April 4.—Asked if the Italians would leave the Peace Conference if denied Fiume, Salvador Bazilai, former minister without portfolio in the Italian cabinet and one of the Italian delegates, said to-day, "no decision has been reached yet, but it is obvious that the Italian delegates feel they must follow the will of the Italian people."

WILSON IMPROVED GRAYSON SAYS

Slept Late This Morning and Passed Satisfactory Night.

MEET COUNCIL MONDAY

Doctor Cables Tumulty, "No Cause for Worry". Many Messages of Sympathy for President.

(By Associated Press) Paris, April 5.—President Wilson slept until after 9 o'clock this morning and no bulletin was issued by Rear Admiral Grayson, his physician. Although he did not get to sleep until late in the evening it was announced this morning that he had passed a satisfactory night.

When the President awoke it was announced that he was better and that he might sit up later in the day, and with the Sunday rest intervening it was believed to be possible that he might attend the Monday meeting of the Council of Four.

It was planned to have the Council of Four meet at the Paris "White House" for its forenoon session to-day.

Washington, April 5.—President Wilson was reported "better" in a message received to-day at the White House from Rear Admiral Grayson. The message addressed to Secretary Tumulty said "President Wilson was better this morning but confined to bed. No cause for worry."

There was no indication whether the President was being consulted again on matters at the peace conference. It is believed here, however, that Dr. Grayson will insist on his patient being given a complete rest for a period at least.

A large number of messages expressing sympathy for the President's illness and hope for his speedy recovery have been received by Secretary Tumulty.

GUARD AGAINST TYPHOID

Vaccination Does not Mean Infallibility.

(By Associated Press) Washington, April 5.—General March said to-day the purpose of the circular of instruction issued by the Chief Medical Officer of the American Expeditionary Forces ordering greater precaution against typhoid fever was to impress upon doctors that ordinary precaution was not to be abandoned because men have been inoculated and did not mean that the Army had failed to check the disease. The circular made public in connection with a warning against belief in infallibility of typhoid vaccine charged that many officers had been guilty of neglect and carelessness.

The total number of deaths in the American Army in France from typhoid was ninety or about one-third of the death rate from this disease in civil life.

MAY SIGN TREATY NEXT WEDNESDAY

Is British Prediction. Council of Four are Nearing Peace Agreement.

BELGIUM WANTS ACTION

Need for Indemnity Pressing Council. Must Act if Belgium is to Live. King Albert in Paris.

Paris, April 5—The opinion was expressed last night by a responsible British authority that the peace treaty would be ready for signing by Wednesday next.

London, April 5—The Paris correspondent of the Daily Telegraph wires that he is able to state on the highest authority that by next Sunday a complete agreement will have been reached by the Council of Four.

Belgium's Case Heard

Paris, April 5—Belgium's case has been laid before the Peace Conference by the most distinguished advocate Belgium could have chosen. King Albert has been in Paris for the past three days, and in numerous conferences with the representatives of the great powers he has outlined the needs of his country, and told of the steps that must be taken immediately if Belgium is to be restored.

King Albert has had long conversations with President Wilson, Colonel Edward M. House, Premier Clemenceau and David Lloyd George. These conversations led up to his appearance before the Council of Four Friday.

A member of the Belgium peace delegation told the Associated Press to-day that, short of all its diplomatic niceties, what King Albert told the council might be summarized thus: The time of promises has passed. If Belgium is to live the council must act.

Asks Quick Reparation

The Associated Press is able to state that three questions of vital importance to the re-establishment of Belgium, financially, economically and politically, were discussed. The first question was the immediate advance to Belgium of about 10,000,000,000 francs, the second, the exportation to Belgium from England and the United States of raw materials and the third the cession to Belgium of the left bank of the L'Escaut River and the Lemberg Peninsula.

The first item represents the value of German marks left in circulation in Belgium. After the departure of the Germans the ministry of finance sent out an urgent call to holders of the marks to deposit them in the banks. The amount was estimated to be about two billion, and it had been the government's intention to redeem them at the par value of one franc 25 centimes. Belgium was not prepared for the avalanche of marks that resulted. Eight billion marks passed through the banks' windows into the vaults. The banks were unable to redeem this amount of paper and depositors were merely given receipts, stating that a certain amount of marks were held to their credit until such time as financial arrangements could be made to reimburse them.

The payment of an immediate indemnity by Germany was relied upon to enable repayment for these deposits. The indemnity thus far has failed to materialize. Depositors cannot draw against these credits, with the result that some ten billions of francs are idle, as the banks are paying no interest on such deposits.

The importation of raw materials is said to be indispensable to the retrieving of Belgium from the economic standpoint.

SIMS HOMEWARD BOUND

Is Expected to Arrive in New York To-morrow.

New York, April 5—The British transport Mauretania, bringing home Admiral Sims and his staff, sailed from Brest April 1 for New York, and should arrive Sunday or Monday next, according to a cablegram received here by the British ministry of shipping. Among those on board are 64 officers and 588 men of the American Army, 115 officers, 2,639 men and three nurses, Americans formerly with the British Expeditionary Forces, and a number of civilians.

POLICEMAN SOLDIERS

Many Overseas Men Applying for State Constabulary.

Over a dozen men discharged from the United States army after overseas service, have applied for enlistment in the State Police force in the last fortnight and others have asked for information regarding requirements. The bills reorganizing the police department, adding a new troop and providing the bureau of fire prevention and records are still in legislative committees.

RUSSIAN EVENTS BEFORE COUNCIL

Troops in Archangel Region in Serious Danger of Extermination.

Paris, April 5—The situation in the Archangel region in Northern Russia has been forcibly brought to the attention of the Peace Conference by the publication in Paris of the British statement that the troops in the Murmansk and Archangel districts were in danger of extermination unless they were speedily reinforced. Brigadier General W. P. Richardson, U. S. A., is on his way to take command of the American forces in Northern Russia and is expected to reach Murmansk with 200 soldiers in a few days. There is apparently no changes, however, in the avowed intention to take the American troops out of the region at the earliest possible date.

General Tasker H. Bliss and other American representatives here, while admitting the gravity of the situation were inclined to believe that the troops at distant outposts can retreat, if necessary, before an advance by the Bolsheviks, as armored trains are available for all the Americans in the region south of Archangel and Murmansk.

Announcement was made in London on March 28 that Brigadier General Richardson, an experienced railway builder in Alaska, would leave London on April 1 to take command of the American forces near Archangel. He was accompanied by a detachment of troops, mostly engineers, all of whom had volunteered for duty in Northern Russia from the American forces in France. It was announced that another detachment of engineers who were to be used in repairing and improving roads would follow the first detachment.

AN EXAMPLE OF HUN SPY SYSTEM

Reveals Extent of German Espionage System. Yanks Took it as Joke.

Atlanta, Ga., April 5—A year ago when the 82nd Division was in training at Camp Gordon here an enterprising piano company wrote to division headquarters that it had built a piano of such strength and lightness that it could be carried into the first line trenches to help while away the hours on inactive sectors. Officers at the camp made facetious remarks about the instrument, one major whimsically suggesting organization of the "307th Trench Piano Battalion."

A local newspaper publishes a humorous account of the incident, picturing each husky private of the 82nd going over the top with a "Trench piano" strapped to his back. Powder puffs, rouge and lip sticks might be added to the soldier's knapsack to make life more bearable, the writer suggested. It caused many a laugh at the camp.

The 82nd soon went to France and took part in some of the hardest fighting of the war. On August 2, 1918, German aviators dropped into their trenches in the Toul sector copies of the identical story with this solemn comment attached:

"What are you fighting for, Sammy? While you are fighting and risking your life, the folk back home instead of backing you up with their last dollar and last drop of blood, are spending their time inventing trench pianos and lip sticks instead of inventing submarines and airplanes."

Major Quimby Melton of the 82nd in a letter to a friend here says the men of the 82nd fairly fought for the German leaflets and had the heartiest laugh of their overseas career. There was nothing to show how a copy of the local paper's story was transmitted to Germany.

CALL REDS BLUFF IN NORTH RUSSIA

Russian General Will Try Bolsheviks Captured After April 10.

OFFERS SAFE CONDUCT

Radicals must Seal Lips or Get Out. All Red Sympathizers Included in Ultimatum.

Archangel, April 5—General Marushkevsky, commander of the Russian anti-Bolshevik forces in Northern Russia, startled Archangel Thursday with an unusual proclamation intended to call the bluff of Bolshevik sympathizers in this territory. The General offered them a choice of safe conduct to the Bolshevik lines up to April 10 on written application, with the alternative of trial by military court if found within the military zone after April 10. The proclamation says in part:

"I consider it my duty to expel out of the territory occupied by the army all persons whose presence is undesirable. I consider that the Bolsheviks and their agents and all adherents of the Soviet cause are such persons. Such persons still living in the zone entrusted to me will be expelled systematically, being sent to their beloved country of the people's commissaries, the Soviet land, where all their ideals such as 'Soviet comradeship and abundant food' and open theft, violence and other Bolshevik things become true."

"I offer all those who desire to leave for the Soviet country an opportunity to make a written declaration on the subject before April 10. I will allow these persons, if they have not been proved guilty of any criminal activity to leave the region, giving them guarantees of personal safety within the Northern region and while passing through the fighting line at the front. I also will supply them with provisions for three days beginning with the moment they leave the line of our outposts."

"If later sympathy for Bolshevism and for the power of the People's Commissaries is detected among those who do not declare their desire to pass through the front by April 10, they as well as all persons guilty of criminal activity along the same line will be brought to trial before a special military court. Until April 10 all who desire to leave for the territory of the Soviet, civilians as well as military men, are permitted to do so."

Relief of Archangel from the sea probably will not be possible before the end of May because of the ice, but the forces in the city are well equipped with artillery and ammunition. There is no direct communication at present by either land or sea between Murmansk and Archangel. Murmansk, however, can be relieved immediately from the sea.

The feeling in American circles here is that the British statement possibly over emphasizes the gravity of the situation because of the desire to send large reinforcements and, perhaps, because there may be an announcement soon of the Allied policy toward the Bolsheviks.

FOUNTAIN FOXY FUGITIVE

Appears at Wilmington, but Cleverly Eludes City Officers.

Easton, Md., April 5—While police officials of Talbot county are flooding Eastern cities with descriptions of Isaiah Fountain, colored, who is sought here on grave charges brought by Bertha Simpson, the 13-year-old school girl who was attacked and brutally assaulted at a lonely spot Monday afternoon, near her home at Island Creek Neck, the negro made his appearance at Wilmington, Del. Friday morning and cleverly slipped through the fingers of the officials. Police from Easton hurried to the Delaware city, but Fountain had made good his escape.

Although somewhat chagrined at the escape of the negro, the authorities are confident that he will be brought to justice. In the course of an interview, the little girl, who has recovered sufficiently from the assault to see visitors, stated that she was confident that she could identify her assailant. Heavily armed and determined to capture the negro, two relatives set out for Wilmington and Camden, N. J., Friday afternoon.

A colored man who admitted that he had driven Fountain to the railroad station on the afternoon of the attack was located by the police Friday afternoon and taken into custody. Officials at several cities where Fountain is said to have taken refuge have promised to aid the local police in apprehending him.

POLES OFFERED NEW LAND ROUTE

Would Substitute it for Plan to Land their Troops at Danzig.

London, April 5—A proposal that the British troops of General Haller be taken by a land route from Lunenburg across Germany to Poland has been made to Marshal Foch at Spa by Mathias Erzberger, the head of the German Armistice Commission, a semi-official message from Berlin says.

The Allied powers have demanded that the three divisions of the Polish troops in France under General Haller be permitted to go to Poland through the port of Danzig, now held by the Germans. The refusal of the Germans to meet this demand resulted in the conference at Spa between Marshal Foch and Herr Erzberger. Earlier the Germans had offered several ports in East Prussia and Pomerania for the use of the Poles.

The German attitude has been that if Polish troops were landed at Danzig there might be clashes with the population. There has also been some fear in Berlin that the Poles might remain in Danzig, which is claimed by Poland as its outlet to the Baltic. From Lunenburg across Germany to Kalish, the nearest town in former Russian Poland, is about 550 miles.

Announcement was made in Paris early this week that the ships to carry the Poles to Danzig were ready for the voyage.

Paris, April 4—Marshal Foch, the Allied commander-in-chief (who went to Spa Thursday to discuss the question of the return of the Polish troops in France through Danzig with German representatives), had a second conference at Spa with Mathias Erzberger, the head of the German Armistice Commission, after their initial meeting Thursday morning, advised from Spa state. The first interview began at 9.30 o'clock in Marshal Foch's private car, and lasted 40 minutes. The second conference began at 11 o'clock and continued until 12.30 o'clock.

JAP BILL UP TO LANSING

California Asks if it Would Embarrass Wilson.

Sacramento, Cal., April 5—The Senate approved Friday a cablegram to be sent to Robert Lansing, Secretary of State, at Paris, asking if discussion of proposed anti-Japanese legislation by the California Legislature at this time would embarrass the President and other representatives of the United States at the Peace Congress.

The cablegram will be sent direct to Paris and a duplicate will be forwarded to Washington with a request that it be sent to France over the government wires.

The text of the cablegram follows: "Constitution of California requires consent of three-quarters members of the Senate to introduce a bill. Request has just been made for permission to introduce two bills. One absolutely forbids Japanese to lease agricultural lands in this state. The other to prevent landing of so-called picture-brides claiming to be wives through marriages contracted while husband actually in America and bride in Japan. Will introduction or enactment into laws of such bills embarrass the President and other representatives of the United States at the peace conference? The Senate awaits your reply."

DISSOLVES AIR BOARD

(By Associated Press) Washington, April 5—The War Department made public to-day an executive order signed recently by President Wilson formally dissolving the aircraft board created early in the war. The order says the board has accomplished the important purposes for which it was created. Its place is taken by a director of Aircraft production under the direction of Air Service.

Government will Rebuild the Buckeystown Pike.

Frederick county, Maryland, will share generously in the distribution of road funds under the direction of the United States government for the construction of new, modern highways. In fact, the government contemplates spending \$116,921 on Frederick county roads.

The work contemplated includes the rebuilding of 5½ miles of the Buckeystown pike, and 1.8 mile of the road from Emmitsburg to Bridgeport, which will connect with the Carroll county road.

ASCENDS NEAR 25,000 FEET

French Aviator Takes 13 Passengers on Flight.

Paris, April 5—Lieutenant Boussoiret, a French aviator, Thursday, excelled his feat of Tuesday, when he reached an altitude of more than 20,000 feet in a large French biplane. Thursday he ascended to between 20,000 and 25,000 feet with 13 passengers. The biplane crossed over Paris during the flight. The lowest temperature registered was about 20 degrees below zero. Three passengers became slightly sick during the flight.

SITUATION SATISFACTORY

General March Speaks of Archangel Front.

(By Associated Press)

Washington, April 5—Declaring that the Archangel situation from a military view was well in hand General March to-day said it was "incredible that the Allied force there can be driven into the sea by anyone." He announced that the War Department plans were to have the American soldiers out of that portion and in Russia by June.

REDUCED ONE-FOURTH

Washington, April 5—Figures on the latest status of the military forces in Europe, General March announced show that the Armies of the Central Powers as now organized constitute about fifteen per cent of their strength when the armistice was signed, while Allied forces comprise seventy per cent of their total strength on November eleventh.

BRITISH HONOR DEAD YANKS

Memorial Service Held in Westminster Abbey.

London, April 5—A memorial service for Americans who fell during the war was held at Westminster Abbey at noon Friday under the auspices of the English-speaking Union. The service was attended by a large number of Americans, including detachments from the Army and Navy.

The service opened with the hymn, "O God, Our Help in Ages Past," followed by special prayers by the Right Rev. H. E. Ryle, dean of Westminster, who also delivered an address.

The "Battle Hymn of the Republic" and the American and British national anthems were sung, and while the congregation was still standing, the plaintive notes of a bugle in some far-off recess of the abbey sounded Taps.

LACK OF FUNDS FOR TEACHERS

Problem of Providing for Salary Increase Assumes Large Proportions.

The problem of providing funds for the State government to meet the teachers' salary increase, has suddenly assumed big proportions in the Legislature, and it now looks as though the State would offer to go half and half with the school districts in providing the \$6,000,000 or \$7,000,000, which it is calculated would be necessary. This matter will be thrashed out next Tuesday.

The original hope of the legislators, backing teachers' salary increases, was that the State would finance it, but this is said to be impossible after a study of the preliminary estimate of the revenue in sight. The belief is that the State will have something like \$85,000,000 to appropriate for two years and this would mean that the total educational appropriation would be \$23,000,000, three millions to be "ear-marked" for the teachers if the districts agree to raise the rest. The plan is to take the Woodruff bill, endorsed by Senator Penrose and others, as the bill on which to work and provision that districts which do not meet the State would not share in the allowance.

UPPER HUNTINGTN

Upper Huntingdon—Mrs. John W. Meals has returned to her home at Mt. Holly after spending some time with Curtis Golden and family.

Mrs. Violet Toddes, of Harrisburg, spent the week-end at the home of her parents, Mr. and Mrs. L. M. Panus, and family.

Mr. and Mrs. Clyde D. Guise have gone to farming on what was formerly known as the Lease farm below York Springs.

B. W. Eichelberger, of Harrisburg; Miss Laura Helburn, of Le-moyne; Elmer E. Eichelberger, of Lisburn; and Miss Mary Coover, of Siddonsburg, spent Sunday afternoon with their uncle, S. Norval Foulk.

The following attended school every day during the sixth month at Sadler's school, Esther Beitman, Susan Gardner, Leroy Toddes and Ruth Gardner. Teacher, Mrs. Clyde D. Guise.

Mr. and Mrs. George Miller, of Uriah, were recent visitors of Harry Spertzel and family.

OPEN CLAY MINE

Dillsburg Plant will soon be in operation.

A force of 20 men will start work in a few days, clearing up lands on the old Marshall Furnace company's property, Dillsburg, in preparation for the opening of a clay mine. This tract lies about two miles southwest of Dillsburg. Machinery will be installed, and the plant will be put in operation within a few weeks. W. F. Russell, Carlisle, is president and promoter of the enterprise. A charter has been applied for. As soon as this is granted active operations will be instituted. The clay will be refined for the manufacture of cement, paper and other commercial products.

MRS. GEORGE B. NACE

Native of Abbotstown Died in Hanover.

Mrs. Mary Ann Nace, widow of George B. Nace, died at 11:00 o'clock Thursday night from the effects of a stroke of paralysis, at her home in Hanover. She was apparently in her usual health Thursday, and was working in her garden. At 4 o'clock she suffered the stroke from which she died eight hours later. She was aged 70 years, 2 months and 28 days.

Mrs. Nace was a daughter of the late Michael and Mary Crist and was born near Abbotstown, later moving to Hanover.

Surviving are the following children: John E. Nace, Allen G. Maurice C., William H. and Clinton K. Nace, all of Hanover, and Misses Millie and Myrtle Nace, at home. Six grandchildren also survive.

Funeral from the house at 2:30 o'clock, Sunday, Rev. R. H. Bergstresser, assisted by Rev. George Nicely, of the Hanover Lutheran churches, officiating. Burial in Mount Olivet cemetery.

MRS. GEORGE SHUE

Mrs. Margaret Elizabeth Shue, widow of George Shue, Union township, died Thursday at the State hospital, Harrisburg, where she had been a patient for the past nine years. Death was due to the effects of a stroke of paralysis. She was aged 67 years, 9 months, and 2 days.

Her husband died twenty five years ago. She is survived by one son, Emory Shue, of Mt. Pleasant; one daughter, Mrs. John Sebright, York; three step-sons, John Shue, York county; Samuel Shue, Mummaburg; and Charles Shue, Iron Ridge; one step-daughter, Mrs. C. B. Smith, Harrisburg, and one brother, John Griffie, Cumberland county.

The remains were taken to the home of her son, Emory Shue, Mt. Pleasant.

Funeral Sunday afternoon, a brief service conducted at the Shue home at 2 o'clock and further services in Christ Reformed church, near Littlestown, Rev. Dr. F. S. Lindaman officiating. Burial in the cemetery adjoining the church.

MOTHER SAVES CHILD

Rushes into Burning Glenville House to Rescue Infant.

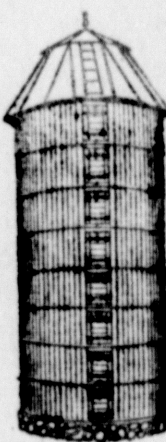

A blaze caused by an overheated stovepipe Thursday morning, at 10 a. m., destroyed the house on the farm of Chester Stick, tenanted by John Misner, at Glenville. Mr. and Mrs. Misner's infant child in an upstairs room was nearly suffocated to death, and was in danger of perishing, when the mother, braving the flames and smoke effected a rescue. The barn ignited, but was saved by a bucket brigade, with the loss of about a ton of hay. The loss is estimated at \$2,000, partly covered by insurance. All the household goods were lost.

PARENTS BACK STUDENTS

Believe Juniors of York High School Should be Reinstated.

That the parents of pupils of the 1920 class of the York High school believe that the scholars, now on strike, should be restored to their full rights forthwith and enjoy all class privileges, was the consensus of speeches delivered at the meeting of parents and scholars held Thursday evening in the Armory. A statement embodying this idea was prepared by a committee consisting of parents of pupils and will be submitted to Prof. A. Wanner, superintendent of the York schools.

MORE CONTRACTS LET

State Will Have 120 Miles of New Road this Year.

The State Highway Department announced today that on May 2 it will open bids for the construction of 42 miles of primary roads. Contracts have already been let for the building of 80 miles of highway. The type of construction that will be used in most cases is reinforced concrete although some counties prefer bituminous surface and vitrified brick.

U. S. A GOOD FINANCIER

Other Nations' Cash Helps to Pay Liberty Loan Interest.

Uncle Sam has done some clever financing in this war. Almost one-half of the interest due to patriotic Americans subscribing to the Liberty Loans, including the Victory Loan, will be paid by interest which Uncle Sam, as a result of judicious credits, will collect from foreign governments.

With the Victory Loan included the United States will face annual interest payments of about \$1,100,000,000. This money goes into the pockets of American investors. But something like \$500,000,000 of it will be offset by the interest payments which the big European powers must make to Uncle Sam.

Great Britain is debtor to the United States in the sum of \$4,175,961,000. She pays about \$205,000,000 a year interest on her loans. France has loans totaling \$2,436,427,000 and her interest payments to Uncle Sam are about \$121,000,000 a year. Italy with loans of \$1,310,000,000 pays us about \$65,000,000 a year in interest. The smaller powers also swell the total.

All of these loans were negotiated, of course, on the best of security and they are doing a big share in lightening the taxation out of which the interest on Uncle Sam's own borrowings must be paid.

CONCRETE ROAD

Government will Build Ten Mile Stretch in Carroll County.

The Littlestown turnpike from Westminster to the Pennsylvania line in Carroll county, Maryland, is included in the government's road building program for 1919, which calls for the spending of \$1,523,750 in the state of Maryland alone. The government's share of building the portion of the turnpike in Carroll county, which stretch is 10.64 miles long, will be \$187,000. The road will be of concrete.

OFFICERS SEARCH COFFINS

For Contraband Liquor. Washington will Investigate.

Washington, April 4—Complaint by the railroad administration to the Department of Justice against alleged improper methods employed by officers of the state of Virginia in enforcing the prohibition laws has been referred by Attorney General Palmer to Associate Attorney General Fierstone for investigation. It is alleged that the officers violated a coffin containing a dead body in their search for contraband.

GERMANY OWES SOME BILL

Victory Liberty Loan a Trifle By Comparison.

"Germany debtor to the Allied Powers: To one defeat (delivered November 11, 1918). . . . \$120,000,000,000. "Please remit."

One hundred and twenty billions. That's the way the bill reads.

People who think victory comes high at six billions—the estimate of the Victory Liberty Loan—will do well to study the above bill. It is the just indemnity which the Peace Conference Committee on Reparations has decided Germany ought to pay.

And a large part of it is to be collected immediately. France alone insists upon an immediate payment of \$5,000,000,000 on account. The other nations which suffered from Germany's method of war making will also present slight drafts for collection. Payment of the total sum is to be made in 25 to 35 years.

Paying off this staggering debt is a job that makes the flotation of a six billion loan seem trifling. The German people will not have the opportunity to pay it through the easy means of popular loans. This is a method of financing war debts reserved for the victors.

And the Allied indemnity is not based on a theory of loot. It is an honest claim for damages suffered.

THE HERALD OF VICTORY

The Victory Gardeners are called on to get into the furrows of freedom and feed the world, says the National War Garden Commission of Washington.

Messrs. John Hawk and Austin Sauerwein have taken charge of the planing mill and manufacturing business of Clayton Bucher, who has discontinued the business on account of the death of his son, Paul. Mr. Bucher will continue to operate the saw mill.

Hardly an Ideal Citizen.

There is a story told of an ancient dandy in London who, taking, one sunny afternoon, his accustomed stroll down Bond street, met an acquaintance hurrying in the direction of Westminster. "Whither away so fast this hot day?" murmured the dandy. "To the house of commons," cried his strenuous friend, brushing past him. "What?" said the dandy, with a yawn, "does that go on still?"—Exchange.

TELEPHONE RATES TO BE RESTORED

State Attorney General will Notify Companies that Increase Cannot be Made.

Telephone rates have not been raised in Gettysburg following the recent order of Postmaster General Burleson allowing telephone companies under government control to increase their rates twenty per cent on April 1. It is just as well that the local companies did not make the change as Attorney General W. I. Schafer will notify every telephone company in Pennsylvania to restore rates charged before the order of the postmaster general was promulgated.

This action will be taken as a result of the decision of the Dauphin county court Wednesday that increased rates for intra-State telephone service could not be put into effect without approval of the State Public Service Commission.

The Attorney General will notify the companies that if they attempt to collect increased rates without State approval that he will proceed against them in the courts.

Exclusive of the Bell system there are close to 250 telephone companies operating in Pennsylvania, according to lists at the State Capitol.

State officials have declined to comment upon the opinion rendered Wednesday, but it is believed that no further steps in the Bell litigation are likely in view of the possibility that government control may be ended by the signing of the peace treaty.

CONVICTED MAN OVERLOOKED

Stays Home for More Than a Year After Sentence Before Being Taken to "Pen."

Cleveland, Ohio.—Rosario Spinello for more than a year has been supposed to be serving a term in the penitentiary for manslaughter. And all during that time he has been at his home with his wife and seven children—either there or at his work in a factory here. The authorities merely neglected to come and get him. He did not attempt to evade the serving of his sentence. But he was not going to go to the police and insist on it. He did not even dodge policemen who knew he had been convicted, he says.

The crime was committed more than two years ago. For a year the case was in the courts. Then the appellate court sustained the verdict and ordered the sentence executed. But papers ordering his arrest, giving the police official information of the decision of the appellate court, were stuck in a pigeonhole somewhere and it was not until the middle of January that they came to light and the police went to Spinello's home and took him away to jail.

Our Service And What It Means to You

And We Are Always Ready to Help Every Buyer Understand His Machine or Implement Thoroughly

WE TAKE SPECIAL CARE IN SETTING UP MACHINERY

If you have ever experienced trouble in getting a new machine started to work, you don't want it to happen again.

The trouble was likely due to one of two things, or to both.

Either the machine was not set up correctly and oiled properly when it was delivered to you, or else you didn't understand its operation as thoroughly as you did later.

We take every care to prevent these two trouble-makers.

We see to it that the machines we sell are set up, exactly as intended by the manufacturer, and oiled wherever necessary.

More than that, we try to be sure that every customer gets the benefit of the study we have given to the machine he buys. We want him to understand every feature of its operation when he puts it to work.

We have found that this plan is of first importance to our customers and to us. It makes it easy to put into effect our standing rule that an implement or machine must satisfy the buyer before it satisfies us.

Whenever you need an implement, come in and get the extra satisfaction that goes with a purchase from us.

TEN DISTRICTS HAVE HONOR NAMES AND SPONSORS FOR LIBERTY SHIPS

These Pennsylvania Women Will Christen Four New Merchant Vessels.

Upper Left—Mrs. Norton Downs, Jr., Ardmore.
Lower Left—Mrs. Philip Lipkin, Coatesville.
Upper Right—Mrs. Archibald Johnston, Bethlehem.
Lower Right—Miss Charlotte Kent Skinner, Lewistown.

Ten of the twenty sub-districts of the Third Federal Reserve District entitled by their successes in the Fourth Loan to name honor ships, have chosen the names and the sponsors and are making great preparations for the launchings.

In each case the selection has been the means of stimulating interest in the forthcoming Victory Liberty Loan. The ceremonies incidental to the launchings will be made opening features of the new Loan drive.

Nine of the districts which have selected names and sponsors are in Pennsylvania. The other is in Delaware. It is required in each case that the prefix "Liberty" be a part of the name. There is also a ruling that the name of a person, living or dead, cannot be used.

This is to prevent duplication of names which would lead to confusion once the ships are in service. A few districts have chosen personal names but will have another selection.

Among the Pennsylvania districts Lebanon county has chosen the name "Quittapahilla." This is the Indian name of a small stream in the county and signifies "Snake Harbor." Its banks were once infested with snakes. The sponsor for the merchantman will be Miss Fanny Coleman, of Mt. Lebanon.

Chester county has selected the name "Chester Valley." Mrs. Philip Lipkin, of Coatesville, chairman of the women's committee, will be the ship's sponsor.

"Delco" is the name suggested for Delaware county. It is derived from a combined abbreviation of the words "Delaware County." The ship will be baptized by Miss Marian Lynch, of Chester.

The Bethlehem District has also selected a coined name. Its ship will be christened "Bethnor" from a contraction of the names "Bethlehem" and "Northampton." Mrs. Archibald Johnston, wife of the Mayor of Bethlehem, will bestow the name.

Montgomery county south chose the name "Paul Jones," but will have to substitute another. The sponsor for the ship will be Miss Helen J. C. Taylor, of Melrose Park.

The Lackawanna, Susquehanna and Wayne District favors recognition of its chairman, C. S. Weston, of Scranton, and if left to its own choice would name the ship "Weston."

Mrs. W. H. Storrs, of Scranton, will christen the ship for this district. The name "Kishacoquillas," derived from the Indian name of a valley in the county, has been selected by Mifflin. In English this name means "Singing Waters." Miss Charlotte Kent Skinner, daughter of the county chairman, will sponsor the ship.

"Liberty Land" is the name to be bestowed upon the Main Line (Montgomery county) ship. The sponsor selected is Mrs. Norton Downs, widow of an aviator who lost his life while on flight duty over the English Channel.

Lycoming county will bestow its own name upon the honor ship. "Lycoming" is of Indian origin and signifies "sandy stream." Mrs. Garrett Cochran, widow of Lieut. Cochran, 107th Field Artillery, will name the ship.

New Castle, Delaware, will name its ship "Liberty-Brandywine." Mrs. Pierre S. Dupont, of Wilmington, has been chosen as sponsor.

Launching dates will be announced from Washington after appropriate names have been approved. Merchant ships now being completed at Delaware River yards will be designated to receive the names.

GERMAN HELMETS AS LOAN PRIZES

These Full Dress Headpieces Were Intended For the Adornment of the Hun Army That Captured Paris, But They Got There by Freight.

Eighty-five thousand German helmets, captured by Allied troops in Coblenz, are to be awarded as prizes by Federal district committees in the Victory Liberty Loan Campaign.

In the picture shown above, taken on the Treasury steps in Washington, may be seen a number of the helmets just unpacked from the cases in which they arrived from Germany. Frank R. Wilson, director of Loan publicity, created a panic in the helmet market by buying the entire \$5,000 allotment from the War Department for \$1. It cost the German government more than that amount to manufacture each one of the helmets.

These helmets were a special supply held in reserve for a triumphal entry into Paris. Eventually they arrived there by freight.

"YOUR MONEY BACK IF YOU ARE NOT SATISFIED"

Western Electric POWER and LIGHT

The line is complete. There is a size and type to suit your farm.

Belted outfits to run from your present gas engine—or engine built in.

IN buying a plant from the Western Electric Company, you enjoy unusual advantages—all of which help you get just the outfit that you need, at the price you want to pay.

We realize that it is not good business to offer you only one kind of an outfit. That is why you can choose from several kinds of Western Electric plants—and why our advice is impartial.

If you already have a gas, gasoline or steam engine, we can furnish the electrical equipment. If you desire a belt-driven plant with engine that can be used for other purposes, we can supply that kind of a plant also. The direct con-

ected plant illustrated is our newest model. The 3 1/2-horse power silent engine burns gasoline or kerosene; is throttle governed, air cooled and automatically stops when the batteries are fully charged. The engine can also be used for other power purposes.

To be sure that you get the right plant—right in size and equipment—see the Western Electric man near you. We stand behind him with our forty years manufacturing experience. He can tell you all about Western Electric outfits, motors, water systems, milking machines, irons, vacuum cleaners and other electrical helps for farm and home.
